15<sup>TH</sup> August 2009

To Whom It May Concern:

Denis Brown was responsible for the complete fit out of PACIFIC FAMILY MEDICAL PRACTICE and its relocation.

He conducted this with a high level of quality work and produced this on time as per his contract. Denise kept me up to date daily on its progress and allowed me to visit this site as often as required. The communication between Denis and myself was very good during the fit out of my new surgery.

In our opening days our patients commented on how great the surgery looked. I would have no hesitation in recommending him to any future business adventure he would undertake.

Regards

Dr Nagwa Farag  
Principal MD.
